

### Flush Mount Sealed Turn Signal Light

This unit is completely sealed in a Lexan housing and lens, and the bulb is shock mounted to protect it from wear and tear. This advanced design virtually eliminates rust, corrosion, filament fracture and installation or removal problems. Light is ideal for narrow widths. It is legal in either horizontal or vertical mount. The kit contains the grommet, plug and grounding screw necessary for installation.

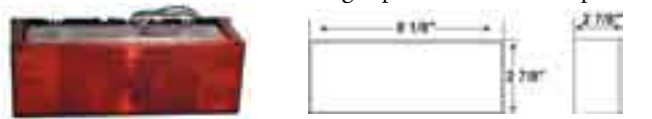

PART NO.	REF. NO.	DESCRIPTION
421KA	436625	AMBER LIGHT KIT
421KR	436800	RED LIGHT KIT
421R	436808	REPL RED SEALED BEAM FOR 421KR
421-18	421501	REPL RUBBER GROMMET

### Surface Mount Sealed Low Profile Taillight

Hermetically sealed to protect the bulb and electrical contacts from damage by water or corrosion. Right Hand Light performs as a stop, turn and tail light, rear and side reflector, side marker and rear clearance. Left Hand Light performs the same, plus has a license illuminator.

PART NO.	REF. NO.	DESCRIPTION	FUNCTION	SIDE
456L	436810	RED LIGHT	8	LEFT HAND
456	436812	RED LIGHT	7	RIGHT HAND

### Bargman I.D. Bar Light

This unit has a unique design with all three ID light bulbs recessed inside shrouds, to produce an overall effect of one lens with three individual light sources.

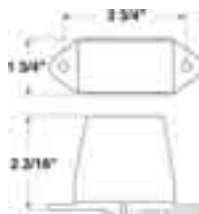

PART NO.	REF. NO.	DESCRIPTION	MNTG. BAR
IDL99-111	428850	RED LIGHT BAR W/SPOTLIGHTS	WHITE POLY

### Sealed License Plate Light

This all Lexan sealed License Illumination Light meets all federal specifications when properly mounted. Comes with plug.

439K

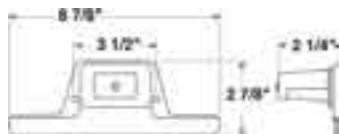

PART NO.	REF. NO.	DESCRIPTION
